*TBD – To be determined

There will be six meetings per year approximately two months apart plus an AGM.

Public Health restrictions and/ or stormy weather may require us to hold virtual meetings from time to time. In person meetings are preferable as it allows us to become better acquainted with other Board members and better develop a team spirit. Hybrid meetings can be arranged but they are not satisfactory for a number of reasons so we will try to avoid them if we can. For in-person meetings we will take all precautions necessary to maintain the health and safety of our members.
